

## ENVIRONMENTAL POLICY STATEMENT

### 1. General statement

Lynx Precast Ltd is a professional and environmentally conscious organisation which acknowledges the impact that our manufacturing, supply and installation operations may potentially have on the environment.

### 2. Aims and objectives

Lynx Precast Ltd fully commits to:

- Protect the environment, prevent pollution, reduce waste and ensure that, wherever practical, measures are implemented to protect and preserve natural habitats, flora and fauna.
- Ensure that no lasting environmental damage occurs as a result of its activities.
- Ensure that the Managing Directors and management are fully engaged in the management of environmental issues.  
Allocate suitable and sufficient resources to support this policy.
- Continually monitor, maintain and where possible, improve its ISO 14001: 2015 compliant environmental management system.
- Determine any relevant legal and other compliance obligations and evaluate fulfilment of those obligations.
- Take appropriate and proportionate action to correct non-conformities where they are identified in order to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts.
- Promote environmental awareness amongst our employees, suppliers, contractors and partners by the implementation of operational procedures, training and education.
- Complete internal audits and implement opportunities for improvement where necessary.
- Ensure effective and expedient incident control, investigation and reporting.
- Assess and, where practicable to do so, reduce the environmental impact of the company's activities, products and services

The Directors, management and supervisory staff have responsibilities for the implementation of the policy and must ensure that environmental issues are given adequate consideration in the planning and execution of work activities. All employees and subcontractors are expected to co-operate and assist in the implementation of this policy by ensuring that their own work is carried out in a responsible manner. This includes co-operating with management in the fulfilment of any compliance obligations. The Directors have overall responsibility for environmental matters.

Andy Teasdale, Paul Cutler (Managing Directors)
